Nourish API – Entering the Nourish ID to Enable Data Flow to MED e-care

1) Find the chart number for the admitted resident where medication information is not going through to Nourish

tesidents	and a						
Q Search in results Admission Status	Admitted Descharged	Unit All	✓ Primary Physician All Physicians ✓				
Name	Chart #	Bed	Unit	MARID	Health Card Number	Primary Physician	
	55	MF, Room: 205					
	62	MF, Room: 217					
	15	MF, Room: 227					
	41	GF, Room: 120	100.000	10.000			
	71	TF, Room: 312	1.1				
	16	MF, Room: 228	and the second sec				
	47	GF, Room: 129					
	58	MF, Room: 207					
	46	GF, Room: 128					
	23	MF, Room: 242					
	1						Total Remo

2) Go to e-ADT > Central Client Index > Find that chart number and click on their name in the list

-						(contraction)
Home Dashboard e-ADT e-MAR e-Report	s Settings My Account Act	count Management Admin	Message Center			- Quick Entry - 💙

Client Note						
Fields marked as * are mandatory						

4) You will have a duplicate 'Pre-admission' chart that has been created due to you not having the Nourish ID on your admitted resident's profile.
 To find this go to e-ADT > Bulletin > Find that resident's name in the list and notice that they have a different chart number, click on the yellow admission button next to their name.

5) Change the Health Card Information 'Unknown' dropdown to be "-70 – Asked, unknown", then remove the number in the 'Nourish Resident ID' field so that this is blank and then press 'Delete Admission'

It is important to remove the Health Card Information and the Nourish Resident ID before deleting the pre-admission.
